

## What Do You Know?

Before we read the story, does anyone know what happened on Rosa's bus? Please read and write down what you know in this chart before we read the story. As the story is read, check to see if what you wrote is confirmed to be right. If it is, check "yes." If what you wrote turns out to be not true, check "no." Check how the information was verified. Was it confirmed in the text (words) or in the illustrations (pictures)?

(Note: A single chart may be filled out by the teacher, after asking the children the questions, or each student may be given a chart to complete on his or her own.)
